

Fish Passage, Flood Resiliency, and Road-Stream Crossings

Date: Thursday February 25, 2021

Time: 8:30 am – 12:00 pm

Registration Deadline: February 23, 2021

Cost: \$0

Join us for a half day virtual road-stream crossing workshop. The workshop will focus on:

1. **Designing for Fish Passage & Flood Resiliency**
2. **Permitting & Construction**
3. **Inventories, Partnerships, & Funding**

There will be time for discussion and questions between topics and at the end of the event.

This workshop is designed for engineers and others designing road-stream crossings, conservation professionals; tribal, town, and county road workers and decision makers; contractors; and engaged lake associations and citizens.

Register using this link by <https://conta.cc/2LI7XeR>

You will receive a confirmation email following successful registration

Hosted by: Trout Unlimited, Wisconsin Land & Water, Wisconsin Department of Natural Resources, & the US Forest Service
